

2017 Summer Camp Song List

Here is the list of music that the boys will be working on during Summer Camp. All music will be provided by The Texas State Men & Boys Choir for you to print out before the camp. Please have all songs organized and in sheet protectors in a white 2" hard cover binder. This is a check list so you can make sure you have all of it.

We are recording a record with the music of Jack Noble White at the end of camp and also doing a few performances during the camp as well as a performance at the conclusion of camp.

A large portion of this music is also what the TSMBC will be performing for the 2017/2018 season. If you are a current member or wishing to become one, please keep in mind that you will need to keep these songs at tip top shape for performance.
